RESEARCH METHODS

- Research settings**
 - Three Chinese controlled utilities operating in western Australia
- Data Collection**
 - A three-stage design for collecting data from multiple sources: from July 2015 to October 2015
 - General sustainability reports published by the parent company (1) across all of these entities from 2010
 - Interviewing 60 employees from the three subsidiaries (2) that report the same data to understand the mechanisms and data components behind each of

毛澤東思想
