Metaphysics: East and West
The one who doesn't work,
He made deprived of wealth!
To let the Universe to live
He created the Sun.
theory of propositions. One might grant that it is necessary and sufficient for one to express \( \text{that } o \text{ is red} \), and that one may do this in a sketch. Still, one might wonder what sort of sentences containing the constituent structure tree (CST) are assigned to the sentence ‘\( \text{O is red} \)’.
